

3 APPS I USE EVERYDAY TO IMPROVE MY INSTAGRAM

UNUM

“You want sleek. You want powerful. You want beautiful. Your design tool for Instagram. End Ugly Instas”

I use this to:

- Plan my Feed
- Play & move around with my Feed
- Analytics on Posts & Hashtags

FOLLOWER FOR INSTAGRAM

“Followers for Instagram is the most popular app for Instagram community management. It provides analytics and insights that empower brands to understand their community and evolve creatively”

I use this to:

- Track my follows & unfollows
- Unfollow & Block People
- Analytics on follower growth

FACETUNE

“Facetune helps you look your Hollywood best, even in photos taken on mobile phones”

I use this to:

- Edit my Pics
- Edit Portrait pics (skin smoothing option)
- Whiten, Blur or Sharpen specific areas
